

Université Laval

Department of Mathematics and Statistics

Postdoctoral Fellowship

The Department of Mathematics and Statistics at Université Laval has one postdoctoral position fellowship available, with a flexible starting date of September 1st, 2020, offered in collaboration with the Centre de recherches mathématiques (www.crm.umontreal.ca).

The postdoctoral fellowship will be awarded to a promising researcher who has obtained a Ph. D. in the mathematics or statistics after May 1st, 2016, and before the start of the fellowship. The fellowship offers an annual stipend of \$40,000 CDN for one year, and is renewable for a second year. This is a research fellowship allowing the recipient to devote most of his or her time to research under the supervision of one or more professors from the Department, who will contribute financially to the fellowship. There are no required teaching duties linked to this postdoctoral fellowship and it is open to candidates of any nationality.

Applications are welcome in all fields of research in which the Department is actively involved. Applicants are strongly encouraged to identify the researchers with whom they would like to work, and to contact them prior to submitting their application.

To receive full consideration, application materials should be received by March 1st, 2020.

Candidates are invited to apply at: directeur@mat.ulaval.ca

All applications should include a curriculum vitae, a research statement, and at least three letters of reference.

E-mail inquiries and submissions may be sent to: directeur@mat.ulaval.ca

Information about the Department can be found at <http://www.mat.ulaval.ca/accueil/>
